

2024

# Rencontres du GDR imaBio

Advances in *in vivo* microscopy :  
photoacoustic, intra-vital  
microscopy, wave-front shaping

From mechanobiology to organoids

Probes, biosensors and optogenetics :  
from design to functional  
*in vivo* experiments

Diffusion at multiple scales :  
from measure to modelization

► **Rencontres du GDR ImaBio**  
du **10** au **13** septembre 2024

Institut pour l'Avancée  
des Biosciences - Grenoble

**2 days of conferences and posters session**  
**1 day of workshops**

Inscription gratuite mais obligatoire
